FSAI

Memorandum of Understanding

The Indian Electrical & Electronics Manufacturers' Association (IEEMA)

And

Fire & Security Association of India (FSAI)

The purpose of this Memorandum of Understanding (MoU) is to strengthen the relationship between **The Indian Electrical & Electronics Manufacturers' Association (IEEMA)** and **Fire & Security Association of India (FSAI)** and to promote substantial and tangible actions to increase the co-operation between the two associations.

Indian Electrical & Electronics Manufacturers' Association (IEEMA), is the apex representative body of manufacturers of electrical equipment, professional electronics and allied equipment in India. Running in its 70th year of service, IEEMA represents the entire value chain of the sector from power generation, transmission and distribution equipment. IEEMA members represent a combined annual turnover of approx. USD 42 billion and exports of approx. USD 6 billion.

FSAI is a non-profit organization representing the Fire Protection, Life Safety, Security, Building Automation, Loss Prevention and Risk Management domains. FSAI was established in 2002 and incorporated as a society with Tamil Nadu Societies Registration Rules 1975 (Tamil Nadu Act of 1975) bearing Registration no.326/2002. Its primary aims and objectives are

- to foster a spirit of safe living among all citizens of India and inculcate a proactive mind-set towards safety and security at all times,
- to promote and advance the use of fire safety and security systems,
- to foster fire safety and security engineering education and awareness
- to maintain high ethical standards amongst its members.

FSAI aims to work closely with the Government and all other stakeholders to enable the Indian fire and security industry to reach global pre-eminence with better regulatory framework. FSAI has over 2,500+ members including leading 400+ global and Indian corporate and large numbers of top-notch Indian and 1,000+ global professionals including leading architects, consultants, and end-users. FSAI has 15 Chapters across India including Mumbai, Delhi, Kolkata, Chennai, Bengaluru,

Hyderabad, Gujarat, Pune, Visakhapatnam, Mumbai, Kochi, Goa, Rajasthan, Madhya Pradesh, Nagpur and Coimbatore which regularly conduct programs and events for the benefit of the members and spreading awareness about safety and security.

IEEMA and FSAI enter into this **Memorandum of Understanding (MoU)** with the common objectives of working together to minimize and mitigate risk and incidence of Electrical Fire, through training programmes, conferences, literature, other promotional activities etc. The contours of cooperation will be discussed on case to case basis.

This Memorandum of Understanding between IEEMA and FSAI shall be valid when signed by the authorized representative of both parties and shall continue for two years. It can be extended/terminated by mutual consent or by either party at their discretion by providing a written thirty days' notice to this effect.

This Memorandum of Understanding may be renewed, modified or amended by mutual written consent from both Associations.

Both organizations enter into the dialogue in a positive and constructive attitude knowing that a positive outcome will strengthen both parties, ultimately resulting in technological advancement for the benefit of humanity.

Signed this on 29th day of June 2018 at Mumbai
