

CONTENTS

1.	Preamble.....	1
2.	Type Tests - Report Applicability.....	2
	a. Validity Period of Type Test Report	
	b. Norms Governing Applicability of Type Test Reports	
3.	Limits of Variation in Burden for metering Core / Winding.....	3
	a. Determination of errors according to the requirements of the appropriate designation or Accuracy Class.	
4.	Short Time Current Test & Peak Dynamic Current Test	5
	a. Applicability	
	b. Assigning STC Rating to a CT	
5.	Co-ordination of Rated Burden and Accuracy Limit Factor - Protection Core of CTs.....	7
6.	Class of Insulation	8
7.	Test	9
8.	Special Test	10
	a. Thermal Stability Test	
	b. Temperature Co-efficient Test	
9.	Measurement of Errors of CTs	12
10.	General Specification for a CT	13
11.	General Specification for Inductive Voltage Transformer.....	14
	Annexure I	17
	Annexure II.....	32
