

Cir. No.: 014/DIV/TRF/05

3<sup>rd</sup> February 2014

To: All Transformers Division members, SEBs, Utilities & listed purchasing organisations

**Sub: Clarification on Applicability of CRGO (ES) price for BEE Star  
Three and above Rated Distribution Transformers**

You are aware that IEEMA had evolved specific price variation clause for BEE Star 3 and above rated Distribution Transformers effective from January 2012 and circulated vide Cir. No. 58/DIV/TRF/05 dated 16<sup>th</sup> March 2012. In the said PV Clause under note No.2, we have mentioned that the CRGO (ES) price to be used as the average C&F price converted into Indian Rupees as quoted by primary producers. This price is the same price of CRGO considered/applicable for Power Transformers (rating above 10 MVA or Voltage above 33 KV).

Recently we have received few queries and request for clarifications regarding the same. Hence from September 2013 onwards in the monthly IEEMA PV Circular, we have started mentioning the prices of CRGO as

- i) Average of Domestic and C&F price converted in Rs. for Transformers of rating up to 10 MVA and Voltage up to 33 KV and excluding BEE Star 3 and above rated Transformers
- ii) C&F price converted in Rs. for Transformers of rating above 10 MVA or Voltage above 33 KV and including BEE Star 3 and above raged transformers.

We therefore once again suggest & recommend using the price of CRGO under Sl. No. ii) for BEE Star 3 and above rated Transformers (as per IEEMA PV Clause).

We request users to read and consider CRGO prices in the respective monthly IEEMA PV circulars prior to September 2013 as per the new definition of prices; effective from September 2013.

  
Deputy Director
