

Cir. No: 89/DIV/Cable/05

11 July 2014

To all members of Cable division of IEEMA  
SEBs, Utilities and other listed purchasing organizations

**Sub: Price Variation Clause for 'Instrumentation Cables'**

Members of IEEMA Cable division especially Instrumentation Cable manufacturers had decided to evolve a new PV clause for 'Instrumentation Cables'. Members may recall IEEMA has circulated draft PV clause for 'Instrumentation Cables' after collection & compilation of all the necessary data from manufactures vide circular no. 40/DIV/Cable/05 dated 21<sup>st</sup> March 2014.

These PV formulae are derived on weight basis, the weight of raw materials like Copper and Steel is considered for following different type of Instrumentation Cables:

1. **Pair Instrumentation Over all Screen Cables**
2. **Pair Instrumentation Individual and Over all Screen Cables**
3. **Triad Instrumentation Over all Screen Cables**
4. **Triad Instrumentation Individual and Over all Screen Cables**

The weight factors of Copper & Steel for all the above four types of Cables are also enclosed along with draft PV clause.

We are making this PV clause operational with effect from 1<sup>st</sup> July 2014. We request and recommend to incorporate this new PV clause in all your tenders/contracts of purchase/supply of Instrumentation Cables.

Deputy Director General
