

Cir. No: 89/DIV/Cable/05

11 July 2014

To all members of Cable division of IEEMA
SEBs, Utilities and other listed purchasing organizations

Sub: Price Variation Clause for 'Instrumentation Cables'

Members of IEEMA Cable division especially Instrumentation Cable manufacturers had decided to evolve a new PV clause for 'Instrumentation Cables'. Members may recall IEEMA has circulated draft PV clause for 'Instrumentation Cables' after collection & compilation of all the necessary data from manufactures vide circular no. 40/DIV/Cable/05 dated 21st March 2014.

These PV formulae are derived on weight basis, the weight of raw materials like Copper and Steel is considered for following different type of Instrumentation Cables:

1. **Pair Instrumentation Over all Screen Cables**
2. **Pair Instrumentation Individual and Over all Screen Cables**
3. **Triad Instrumentation Over all Screen Cables**
4. **Triad Instrumentation Individual and Over all Screen Cables**

The weight factors of Copper & Steel for all the above four types of Cables are also enclosed along with draft PV clause.

We are making this PV clause operational with effect from 1st July 2014. We request and recommend to incorporate this new PV clause in all your tenders/contracts of purchase/supply of Instrumentation Cables.

Deputy Director General
