INDIAN ELECTRICAL & ELECTRONICS MANUFACTURERS' ASSOCIATION

Your link to electricity

- IEEMA Offices
- Membership Spread

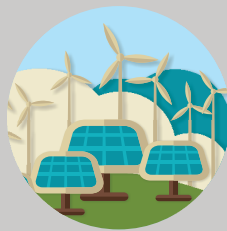

IEEMA is an apex association of manufacturers of electrical, industrial electronics and allied equipment in India. Founded in 1948, IEEMA is the first ISO certified industry association with 800+ member organisations encompassing the complete value chain in power generation, transmission and distribution equipment, including new and renewable energy.

IEEMA members contribute to more than 90% of the power equipment installed in India and represent a turnover of over USD 25 billion.

IEEMA has a pan India presence with its corporate office at New Delhi, registered office at Mumbai, regional offices at Kolkata and Bangalore and eight state offices.

Voice of the Indian electrical equipment industry

IEEMA as a voice of Indian electrical industry plays a crucial policy advocacy role with central and state government and its agencies. IEEMA is invited by various central and state ministries, central PSU's, State Utilities to provide its inputs and to play an increasing role as a "Partner of Choice" in policy formulation.

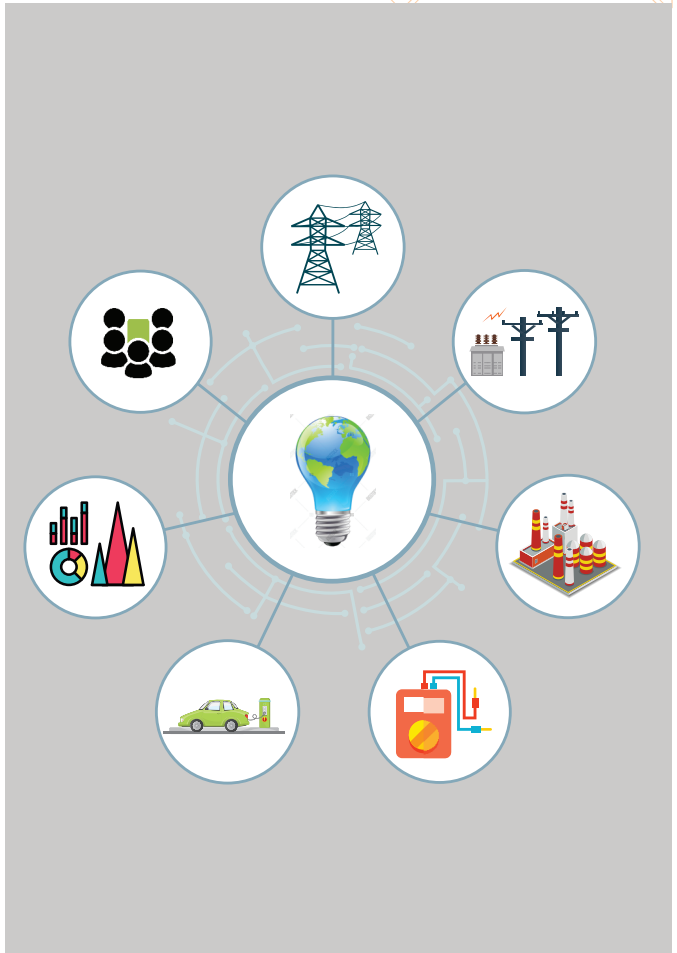

IEEMA works closely with standardisation bodies, R&D organisations, testing institutes, other apex industry bodies, autonomous institutions, trade bodies and sectoral & regional associations.

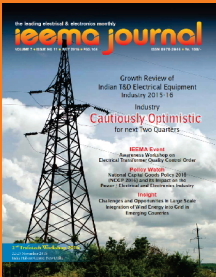

Increasing efficiency and enhancing global competitiveness of Indian Electrical Industry

IEEMA has 24 technical divisions & committees to impart a cohesive and specialised outlook to the environment our members operate in. IEEMA conducts technical activities under various divisions, where members discuss issues concerning the industry and its growth opportunities.

IEEMA evolves and operates equitable and uniform PVC Clause. IEEMA PVC is a highly credible service used by number of stake holders in the power sector to mitigate the risk arising due to fluctuations in raw material prices.

IEEMA provides a networking platform to its members, where they can interact with other members. It is an ideal platform to enhance their business, develop newer markets and source goods & services.

IEEMA Journal is the leading electrical & electronics monthly journal in the country.

IEEMA produces well researched publications and reports, including IEEMA Journal – the leading electrical and electronics monthly in the country and the only ABC certified magazine in its league. IEEMA Journal and other IEEMA publications provides technical and techno-commercial articles, industry information, statistics, business opportunities, etc.

IEEMA in collaboration with Power Sector Skill Council is committed to provide quality and skilled manpower for the Indian electrical equipment industry.

IEEMA regularly conducts training programs for capacity building and up-gradation of member organisations towards global levels of excellence in order to encourage and implement modern quality tools and techniques.

vibrant platform for knowledge sharing and best practices

IEEMA holds product specific conferences, seminars, workshops, training programmes and large exhibitions like ELECRAMA, world's largest event for electrical equipment industry, INTELECT, an integrated tech platform for future of electricity DistribuELEC, the only power distribution exhibition in India and E3-Energize Empower East .

IEEMA provides a vibrant platform for knowledge sharing and best practices for manufacturers, utilities, professionals, experts and other stakeholders through a wide portfolio of technical conferences and seminars, including, ELROMA, INSULEC, CAPACIT, METERING INDIA, SWICON, SURGEPROTECH, TRAFOTECH, T&D CONCLAVE & TECH IT.

Creating a global business network for Indian Electrical Industry

IEEMA undertakes several International initiatives to keep its members abreast of contemporary global standards and emerging trends in the power sector. These programmes are aimed at building capabilities of members to improve quality, productivity and efficiency standards by sharing and dissemination of information on latest processes to enhance their global competitiveness.

To promote exports from India, IEEMA organises high-level bilateral delegation visits and participation in exhibitions abroad. IEEMA also promotes global business dialogue through trade vehicles like Reverse Buyer – Seller meets and focused trade events to strengthen the export potential of IEEMA members.
