

**MEMORANDUM OF UNDERSTANDING  
BETWEEN  
INDIAN ELECTRICAL & ELECTRONICS MANUFACTURERS' ASSOCIATION (IEEMA)  
AND  
METI – INDONESIA RENEWABLE ENERGY SOCIETY**

In view of mutual interest of IEEMA and METI to promote and develop the renewable energy in their respective domains, Indian Electrical & Electronics Manufacturers' Association (IEEMA) and METI - Indonesia Renewable Energy Society, intend to cooperate with each other in the following activities:

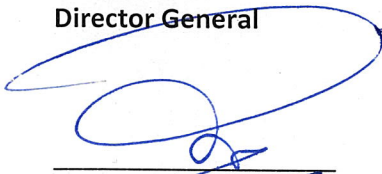

1. The two associations encourage:
  - a. The reciprocal business visits of members to their respective countries.
  - b. For members to join together in mutually beneficial activities, such as, best practices exchange relating to a broad range of renewable energy technology application;
  - c. To promote and attend relevant international trade fairs and exhibitions in their respective countries;
  - d. The promotion of enforceable standards to assure product compliance and the prevention of use of counterfeit products;
2. Foster business relationships among member companies.
3. Develop a mutually beneficial framework for gathering and reporting key statistical indicators in their respective renewable energy industry.
4. Have mutual exchange of their logos and links to each other's websites and also display information about the industry with prior agreement.

IEEMA and METI may represent each other on various issues to promote the interests of renewable energy industries, in respective countries with prior consultation and agreeing to such representation.

This Memorandum of Understanding shall enter into force on the date of signature hereof.
