*Intelligence Electrified*

# International Conference on Intelligent Electricity

Day 1 & 2 Theme: Resilient and Sustainable Distribution Paradigm  
Day 3 Theme: Resilient and Sustainable Buildings

25<sup>th</sup> – 27<sup>th</sup> May 2022

Bengaluru International Exhibition Centre  
Bengaluru

## Why Should you attend Intelect 2022

**Intelect 2022**, a conference on Intelligent Electricity will be a co-located event with Distribuelec and Buildelec, India's only exhibition on Hi-Tech Power Distribution and Building Electrification Segment. The theme for the conference is **Resilient and Sustainable Distribution Paradigm**.

As you are aware that Government of India has recently launched Revamped Distribution Sector Scheme (RDSS) with the objective of improve of the quality, reliability and affordability of power supply to consumers, reduction in AT&C losses to Pan-India levels by 12% to 15%. The RDSS Scheme was launched to specifically overcome the operational deficiencies and financial constraints of the DISCOMS.

The Intelec-22 conference focuses on energy transition, challenges being faced in power distributions sector, challenges being faced by the industry and to understanding the role of private utility in future of power distribution.

The Intelect-2022 conference offers worldwide perspective and participation. The Conference on Electricity Distribution will be hosted physically this year. Intelect-2022 is your opportunity to hear new research, ideas and initiatives; and interact with hundreds of key decision leaders in the electricity distribution field. You will have the chance to network with a wide range of delegates from the utility, product, consultancy, service and business sectors of the distribution industry.

Intelect 2022 will evolve around Intelligent Electricity Distribution and Consumption. The conference will explore the role of utilities in changed policy scenario, role of prosumers, emerging markets, making power sector green and sustainable by reducing carbon footprint.

**The Buildelec 2022** Sessions will emphasis on products and solutions falling under Electrical & Fire Safety; Building Automation & Efficiency; Green Energy and Storage; Electric Vehicle Charging Infrastructure; Electrical Equipment Hardware, Occupant Comfort & Convenience Solutions, Efficient Space Management.

## Sessions

### DAY 1

25<sup>TH</sup> MAY 2022

Leadership Summit  
**ENERGY  
TRANSITION 2022**
