Annual Convention 2021 Sponsors

Rotating Machines Division Meeting

4th October 2021: The IEEMA Rotating Machines Division meeting was attended by 16 member organizations, where they discussed matters like state of the industry, review of quarterly production statement, etc. The members also discussed about the work plan of the division, how to incorporate drive segment in RM Division, volatility of CRNGO prices, etc.

Odisha Chapter Meeting

5th October, 2021: An interactive session with IEEMA Odisha chapter was held over the web. Mr. Jitendra Mohan Gupta, Odisha Chapter Convener; Mr. Siddharth Bhutoria, Chairman, Eastern Region, IEEMA and Mr. Sachin Arora, Vice Chairman, Eastern Region, IEEMA welcomed the members. The key discussions were on Price Variation Clause for the utilities, vendor registration, state of the industry and New Membership for strengthening local electrical and electronics manufacturing in Odisha.

Southern Region Committee Meeting

8th October, 2021: The Southern Region Committee meeting was held on web. The members deliberated on the current prevailing scenario of the electrical sector. The discussion was on how the committee can bridge the gap between the Start-ups and the Industry.

The members also discussed on the webinars that might be relevant to the sector and also were under the thought process of conducting Industry awareness webinars for the Students.

Conductor Division Meeting

8th October 2021: The meeting of Conductor Division was held through web. The meeting began with an interactive session with Primary Aluminium Producers (Vedanta & Hindalco).

The major points discussed during the meeting were on Aluminium trends, AL demand in T&D, State of Conductor Industry, Inputs to CTU, Work Plan for the division etc.

It was chaired by Mr. Ashwin Shah from Apar Industries where 35 members from 27 organisations attended the same.
