### Cover Story

#### Understanding the Cable Industry in India

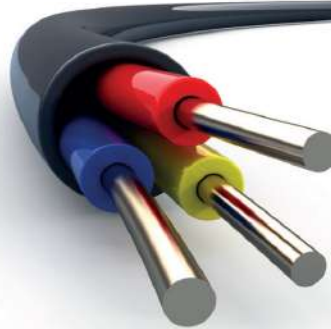

*Current and Future Outlook*

- Division Chair Sonal Gariba's Outlook of the industry
- Industry members comments and suggestions
- Digitization of the Industry
- Technical Paper Presentation
- Mayur Karmarkar, MD, ICA comments on copper's crucial role

### Understanding the Cable Industry in India

Current and Future Outlook

10

In the cover story, IEEMA Division Chair Sonal Gariba presents a remarkably vivid outlook with a comment on the state of the industry followed by a note on digitization, critical industry opinions, a comment on copper and aluminium and finally a technical paper to cover the entire industry under her gamut

38

### In Focus : Cables

#### Cable Handling At Site

Sudeep Dwivedi presents a paper on the perfect handling of underground cable installations.

In the current scenario of urbanization, industrialisation, development of data centre and futuristic AI (Artificial Intelligence) setup, there is a high-power demand and supply. With certain limitations OHT (Overhead transmission) is not feasible everywhere.

50

### In Focus : Cables

#### Cables in Harsh External Conditions: Effects & Precautionary Measures

#### Cables in Harsh External Conditions

Dhond and Bhamane enlist the effects and precautionary measures under extreme conditions.

Cable plays a significant role in modern technological systems, as it aids the smooth transmission of data, power, and signals in various applications.

58

### In Focus : Cables

#### PVC Cable Processing Cause, Effect Analysis & Additive Customization

Mondal and Khuntia explore cause, effect analysis and additive customization.

### Cable Handling at Site

Sudeep Dwivedi presents a paper on the perfect handling of underground cable installations.

38

+

GKS Cable Tray

## OBO Engineered Cable Trays

### Locally made Global Product

- Highest load bearing capacity.
- Least installation time.
- Designed & Tested according to IS/IEC 61537.

Building Connections

64

**In Focus : T & D**

**Maiden Projects in Foreign Lands**

Dr Deepak Lakhapati suggests taking up launch projects in foreign lands to gain creative exposure learning innovative techniques

With over half a century of experience in the power transmission line industry Dr Deepak Lakhapati has been instrumental in revolutionizing the design, engineering and construction practices in India and many other countries.

Maiden Projects in Foreign Lands

With over half a century of experience in the power transmission line industry Dr Deepak Lakhapati has been instrumental in revolutionizing the design, engineering and construction practices in India and many other countries. In this column which is extracted from his book titled, Powering The World he shares his experiences on how executing the first T&D project in a strange new country divulges innovative techniques

**Q N A**

**Practical Field Technical Queries On Transformer's Abnormal Situation (Part-30)**

This section features queries sent by readers from field units and addressed by industry expert Er Pattanaik. This month also features inputs from Er. P. Ramachandran Ex. Abb, Er P.B. Mehta, GETCO and industry expert Er Pramod Rao. These technical issues with solutions are published regularly in the QnA Section for the benefit of our readers including other field engineers and practitioners facing similar circumstances.

72

**Special Feature**

**Cause & Analysis of Electrocutation & Electrical Fires**

Dr Rajesh Arora elaborates upon some of the main causes of electrocution and electrical fires. This paper provides root cause analysis of different causes of electrocution or fire hazards for all

locations

82

**Ministry Updates**

This section features queries sent by readers from field units and addressed by industry expert Er Pattanaik. This month also features inputs from Er. P. Ramachandran Ex. Abb, Er P.B. Mehta, GETCO and industry expert Er Pramod Rao. These technical issues with solutions are published regularly in the QnA Section for the benefit of our readers including other field engineers and practitioners facing similar circumstances.
